

## Occupational Medicine Appointment

*Our human resources team will schedule your occupational medicine appointment within 24-48 hours of accepting your offer letter. You will need to attend the scheduled appointment at an assigned urgent care center and successfully complete the below items in order to move forward with employment.*

### **What to expect from your Occupational Medicine Appointment:**

**Physical exam:** to ensure you meet any physical requirements listed in the job description

**Tuberculosis (TB) test:** standard testing for the disease

**12-panel drug screen:** any positive results will require proof of a legal prescription

**Flu vaccination:** if you haven't already received one for that year

### **Urgent Care Centers:**
